

This task box requires the children to match the dice to the picture of the dice so the numbers of dots match and then to choose the correct number to indicate how many dots.

This task box focuses on Living and Nonliving things. There are two cards that the children sort the pictures according to the categories.

This one is about patterns with shapes. The kids simply complete the pattern by choosing one of the laminated shape cards.

This box focuses on sorting by color. Each bowl has a divider that has two colors indicated on it. There is an assortment of colored items with different textures to sort.

The items are to be separated into big or small cups.

This is a writing task. These are dry erase re-usable pockets. There is a variety of line formations for the children to trace with a dry erase marker. These pockets are 2-sided so there are several different practice sheets.
