Make sure you are doing the following:

If you are ill and cannot attend school, <u>you must call you MT first and then call your US.</u> You must make arrangements to get your lesson plans to school if you cannot be there. You must also report your absence to the Director of Clinical Experiences using the Absence Report Form.	When you begin co-teaching full time with your MT, you should start writing full lesson plans and <u>have them approved by the MT well in advance of the lessons.</u>
Maintain a weekly electronic time sheet of your hours and activities in the school. It will be submitted to COE when you apply for licensure.	Submit two to three goals each week to your US and MT. <u>Consult with your MT and US on your goals.</u>
Maintain a physical or electronic binder or folder for the MT and US.	If you miss due to inclement weather, you will need to make up that time. Check with your MT to arrange this.
