¹ Divisions must expend at least 90% of the preceding year's effort from local and state expenditures, including sales tax, either on a total expenditure basis or per pupil expenditure basis.

² The End-of-Year Average Daily Membership (ADM) calculated at the end of the school year includes the ADM of pupils served in the school division and the ADM of resident pupils for whom tuition is paid to another school division, regional special education program, or private school. Membership excludes Head Start, pre-kindergarten, junior kindergarten students, and students for whom the division receives tuition payments from another division or entity (i.e., out-of-state school division, Comprehensive Services Act, Interstate Compact Agreement).

³ Operational expenditures include regular day school, school food services, summer school, adult education, and other education, but does not include non-regular day school programs, non-local education agency (LEA) programs, debt service, or capital outlay additions. Non-LEA programs include expenditures made by a school division for state-operated education programs (in hospitals, clinics, and detention homes) that are located within the school division and reimbursed with state funds. Expenditures exclude tuition payments (revenue source code 1901010) received from other school divisions.

⁴ For both FY 2017 and FY 2018, operational expenditures include pre-kindergarten and Community Services expenditures; however, for purposes of the FY 2017 to FY 2018 Maintenance of Effort comparisons, pre-kindergarten and Community Services expenditures are excluded.
