

COE Scholarships At A Glance

To apply between February 1 and May 1, visit our website: <https://education.umw.edu/student-resources/scholarships/>.

You will fill out one common application and the system will determine which scholarships you are eligible to receive.

Money varies for most scholarships and depends on funding availability.

If you have further questions, feel free to contact the Office of Financial Aid. Jessica Cannon supervises scholarships.

In addition to the scholarships here, there are some additional scholarships based on major (i.e., English/psychology wanting to certify to teach).
